

THE ORIJIN[®] PATIENT SUPPORT PROGRAM:

Your enrolment means our full commitment

Experienced, Established and **Engaged.**

This presentation provides information on the ORIJIN Patient Support Program and lifestyle tips for people with ADPKD.

Experienced, Established and Engaged.

WELCOME TO THE ORIJIN® PATIENT SUPPORT PROGRAM

The ORIJIN Patient Support Program is offered specifically to patients on Pr JINARC®.

The ORIJIN Program was developed by Otsuka Canada Pharmaceutical Inc. (Otsuka), the manufacturer of JINARC. When you and your doctor decide to start treatment with JINARC, you are automatically eligible to receive all the support the ORIJIN Program has to offer.

JOIN ORIJIN AND TAKE ADVANTAGE OF THESE SERVICES:

Dedicated **nurses** for support to **initiate JINARC** and help answer questions about treatment.

A personal reimbursement specialist for **reimbursement/financial assistance.**

Pharmacy services and delivery of JINARC to the patient's home or work.

The **Home Bloodwork Program** or **phone call reminders** to go for blood tests.

Liver function
tests monitoring.

JINARC.ca, a comprehensive
and informative website
with pertinent topics and
useful tips to guide you
through your treatment.

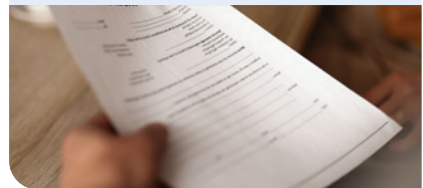

Personalized **guidance
on nutrition, counselling,
and advice on optimal
dietary management practices**
through experienced
Canadian dietitians with
knowledge on
ADPKD-related nutrition.

**A Co-Pay card for patients
with private insurance
that includes JINARC coverage.**

You have access to a pharmacy
Co-Pay card which guarantees
that you will have no additional
cost when you receive JINARC.

This program will cover any
potential cost differences
between JINARC
and your private payer plan.

Experienced, Established and Engaged.

AT ORIJIN®, WE ARE YOUR EXPERTS
IN SUPPORTING PATIENTS WITH ADPKD.

Here's a sneak peek at some of the content from the ORIJIN newsletters with a few tips and information.

ON HYDRATION

While taking PrJINARC®, you will produce more urine and urinate more frequently.

- It's very important to make sure you are drinking enough water to help replace what you lose through urination.

ON NUTRITION

Nutrition is crucial to ADPKD and overall health. Some easy steps you can take to help protect your kidneys include:

- drinking about 2-3 litres of water/day
- reducing sodium intake
- eating more plant-based proteins, such as legumes, tofu, and nuts

ON SLEEP

Experts recommend that adults sleep **7 to 9 hours a night**. Here are some tips for a better night sleep:

- try to get more exercise earlier in the day.
- create a sleep routine.
- do something relaxing before bed.

ON TRAVELLING

Staying active and exploring are important habits for overall well-being. Here's some wise advice from the **ORIJIN** team:

- keep your healthcare team's information accessible and your medications in check.
- drink extra fluids to stay hydrated when travelling to a sunny destination.

We offer you information designed as fun, easy-to-read newsletters with tailored content for new and experienced patients on JINARC.

THINKING ABOUT PATIENT EXPERIENCES WITH THE ORIJIN® PROGRAM?

See what some of them have to say!

"I appreciate the support I receive from the program. They keep in touch, they answer my questions clearly and they take the time to explain."

– From an actual ^{Px}JINARC® patient on the ORIJIN Patient Support Program. May not be representative of all patients' experiences.

"We are deeply grateful for the care and guidance you have provided throughout my health journey."

– From an actual JINARC patient on the ORIJIN Patient Support Program. May not be representative of all patients' experiences.
